@ 2007-08 Levels

Other Obligations – GASB 67 & 68 CalSTRS

- Effective 2013/14 Statement 67, Financial Reporting for Pension Plans
- Effective 2014/15 Statement 68, Accounting and Reporting for Pensions
 - "To the extent which a plan does not have projected assets to pay projected benefits, GASB requires employers and non-employer contributing entities to report a proportionate share of the unfunded portion of pension benefits to date."

Looking Ahead

- 1. No funding guarantees going beyond 2014-15.
- 2. Expenses will outpace revenue in both programs.
- 3. Adult Education will run out of cash by year end 2015 at this pace.
- 4. Legislation has been proposed.
- 5. Districts have asked for a funding formula.

Summary

- 1. The LCAP is being developed, stakeholders are involved, we will need more involvement from parents and students.
- 2. The district can meet our obligations this year and the two subsequent years if revenues remain static.
- 3. We are hopeful for legislation, grants, and a funding agreement for SVCTE, and that the consortium will want to grow adult education but <u>hope is not a strategy</u>.
- 4. Cost containment and revenue generation are both focus areas to improve financial stability.

Thank you!
