

How to Make an Appointment with Your Optometrist a Success

**STEP
01**

**Fill Out Your
Pre-Exam
Paperwork**

Visit your patient portal to get all of your paperwork done before you even enter the office.

**STEP
03**

Arrive on Time!

If you're on time, you're late. If you're early, you're on time.

**STEP
05**

**Ask Smart
Questions**

Ask questions for clarity so you can understand your vision. Questions should be specific.

**STEP
07**

**Leave Your
Appointment
with Confidence**

Know how to access your patient portal for medication, diagnosis, treatment instructions, and follow up!

**STEP
02**

**Bring All
Necessary Items
with You**

Current glasses, contact lenses, sunglasses, list of allergies & medications you're taking, insurance information, and questions for your OD.

**STEP
04**

**Be Cooperative
During the Exam**

Be honest throughout the exam, and when answering questions about your vision go with your gut.

**STEP
06**

**Trust the
Optician**

The optician is a licensed professional and knows what is best for you based off of your specific needs. So, listen to their advice on selecting the right products for you.
