Information Distribution and Authority to Do Business

AMDG Financial is a Registered Investment Adviser with the state of Michigan and other state jurisdictions as may be applicable. AMDG Financial may only transact business or render personalized investment advice in those states. The purpose of this website is to provide information about AMDG Financial and the services it offers. Any communications with prospective clients residing in states or international jurisdictions where AMDG Financial and its Investment Adviser Representatives are not registered or licensed shall be limited so as not to trigger registration or licensing requirements.

Presentation and Information Disclosures

All presentations and informational articles are not offers or solicitations to buy or sell securities. The information contained on the website is believed to be reliable; however, its accuracy is not guaranteed and should not be relied upon in any way, whatsoever. Presentations or blog posts should not be construed as investment advice and do not give investment recommendations. Any opinions included in this website and its presentations constitute the judgment of AMDG Financial as of the date of the presentation or blog post, and are subject to change without notice.

Any indices referenced are for illustrative purposes only. Keep in mind that individuals cannot invest directly in any index, and index performance does not include transaction costs or other fees, which will affect actual investment performance. Individual investors' results will vary. Past performance is not a guarantee of future results.

Additional information, including management fees and expenses, is provided on AMDG Financial's Form ADV Part 2, which is available upon request. As with any investment strategy, there is potential for profit as well as the possibility of loss. AMDG Financial does not guarantee any minimum level of investment performance or the success of any portfolio or investment strategy. All investments involve risk (the amount of which may vary significantly) and investment recommendations will not always be profitable. The investment return and principal value of an investment will fluctuate so that an investor's portfolio may be worth more or less than its original cost at any given time. The underlying holdings of any presented portfolio are not federally or FDIC-insured and are not deposits or obligations of, or guaranteed by, any financial institution.
