

**Smart equipment storage solutions
with the user in mind.**

Off to the side CPU equipment storage gives users and techs freedom to get their jobs done comfortably and without interruption.

Xybix provides users with the utmost comfort while working. Staying in line with current ergonomic standards, users will be comfortable and happy throughout their shift; however long it is!

**User benefits to Xybix's
Hanging CPU Storage**

- Fixed CPU hangers underneath monitor surface, move up and down with the surface.
- One hanger is standard, however, up to two can be added to the work station.
- Can accommodate up to an 18.75" deep CPU.
