FOR IMMEDIATE RELEASE

BACKUP AND CLOUD PROVIDER ZENITH INFOTECH TO CEASE OPERATIONS ON OCTOBER 15

DP Solutions poised to assist Zenith Infotech clients to transition and safeguard their data

COLUMBIA, MD, September 16, 2014 - After a three-year-long debt crisis, Zenith Infotech has announced that it will close its doors on October 15, 2014. From now until the shutdown date, Zenith Infotech partners are available to help retrieve client data stored in Zenith Infotech systems. **After October 15, all client data will be permanently deleted and Zenith Infotech support will cease to exist.**

DP Solutions has previously been a Zenith Infotech partner and has in-depth experience in transitioning Customers from Zenith Infotech BDR to alternative solutions. DP Solutions urges Zenith Infotech BDR Customers to [contact us](#) to help retrieve your data and move it to an immediately available, robust backup and disaster recovery solution to ensure that your information remains protected.

“The risk of Zenith Infotech clients not taking immediate action in wake of this news is very dangerous,” said Simon Tutt, President & CEO of DP Solutions. “Not only will they have zero third party support and no offsite backup to the cloud, but they will in fact irretrievably lose their offsite data; even consistent access to local backup data is in question.”

DP Solutions provides a Managed Backup and Disaster Recovery (MBDR) solution (**ReverseGear**), which delivers a seamless conversion from the Zenith Infotech service. **ReverseGear** provides local backup, offsite secure replication to the cloud, and real-time recovery with continual backups using high availability and redundant systems. The DP Solutions **ReverseGear** service also includes 24x7 tech support, 365 days a year.

“If you use Zenith Infotech as a backup solution, call us now!” urged Karyn Schell, Vice President of Operations at DP Solutions. “DP Solutions is a financially stable, reliable company with a 40+ year history in the IT industry. We’ll help retrieve your data and move you to a new MBDR solution in a timely and seamless manner,” said Schell.

DP Solutions can be reached 24 hours a day, 7 days a week at 410.720.3300 or via email at sales@dpsolutions.com.

About DP Solutions
