

# Keysight **Warranty Assurance Plan**

## Get greater peace of mind—and greater convenience

Free repair coverage for 3 years

Up to 70% savings compared to one unexpected repair event

### Warranty period solutions benefits:

- Get greater peace of mind—standard—with our three-year warranty
- Extend your peace of mind—only Keysight Technologies, Inc. offers up to 10-year assurance plans
- Simply call us to schedule service—no budget approval needed
- Trust us to keep your Keysight equipment running at peak performance

### Lock in Peak Performance for up to 10 Years with Warranty Assurance Plans

Keysight Warranty Assurance Plans cover all parts and labor needed to return your instruments to their warranted specifications with the reliability only Keysight can provide:

- Add plan at the time of your original purchase, saving you up to 70 percent compared to one unplanned repair
- Receive priority service, ensuring the fastest repair turnaround time (typically 12 days or less)
- Count on the use of genuine Keysight parts for repairs, backed by a 90-day repair guarantee
- Rely on our unmatched ability to fully service the equipment we build at more than 50 service sites around the world.

### Warranty Assurance Plan Added Value

Features	Standard warranty	Warranty assurance plan
Repair coverage term	3 years	5, 7, or 10 years

# Keysight Calibration Assurance Plan

OEM-quality calibration at the lowest price, with the peace of mind that your equipment will perform at its original specifications

Get 15% to 20% savings off single-calibration events for up to 10 years

Calibration Assurance Plans include:

- Choice of 3, 5, 7, or 10 years
- Priority on-bench service
- Calibration after repairs, as needed
- Training on Keysight Infoline online services suite:
  - Calibration due notices
  - Job status
  - Calibration data and more
- Ease of service with no purchase order delays
- Measuring the actual performance of every warranted specification, for every installed option, every time
  - Ensure reference designs meet required performance
  - Accelerate development schedules
  - Pass annual audits with ease

Instrument measurement accuracy can enhance your business performance:

- Decisions based on accurate results
- Repeatability across worldwide locations
- Improved cost competitiveness
- Consistent quality product
- Better yield on the production line
- Successful audits

## Number of Calibrations per Assurance Plan

Calibration interval	Year										3 year	5 year	7 year	10 year
	1	2	3	4	5	6	7	8	9	10	plan total	plan total	plan total	plan total
6 months	1	2	2	2	2	2	2	2	2	2	5	9	13	19
12 months	0	1	1	1	1	1	1	1	1	1	2	4	6	9
24 months	0	0	1	0	1	0	1	0	1	0	1	2	3	4
36 months	0	0	0	1	0	0	1	0	0	1	N/A	1	2	3

Purchase a Calibration Assurance Plan with every new instrument to ensure accurate measurements.
