

# Scanco Service

Field Service at Your Fingertips

## Servicing Your Customers with Advanced Technology

Scanco Service is designed for everything that you need and nothing you don't. The application's driving force is to collect information for specific jobs in the field. It will give you access to real time view of inventory on your truck so you can service your jobs. It will allow you to count your inventory so you are prepared each day with the appropriate amount of goods. The application is so smart it uses GPS technology to allow you to see your fleet at any given time. And of course, it is built for the iOS and Android operating system. You can expect nothing less from Scanco.

### Scanco Service Highlights:

- Job Tracking
- Item Inquiry
- Warehouse Transfers
- GPS Tracking
- Works with iOS and Android devices
- Offline and Online Mode
- Advanced Scanning Technology
- Sage 100 Seamless Integration

## Innovation. Experience. Service.

Scanco Software LLC meets the needs of thousands of distribution and manufacturing operations with an extensive line of warehouse management solutions designed to integrate with ERP solutions. Scanco, a Boros Enterprise Company, has been providing top tier barcoding applications to businesses since 1989.
