Disruptive leadership is needed!

This kind of transformational change takes all of us, it requires digesting new ideas, and reinvigorating our minds and bodies. This year, space is limited to 250 leaders for an exclusive learning experience, featuring our amazing keynote speakers, focused workshops to bridge theory with practice, and the opportunity to engage with hundreds of other change makers, like yourself, seeking to advance the art of community change.

The Art of Disruption! Changing our cities for the better is hard work. To stay creative, we also need to play. Our Community Change Institute is an event designed to inspire creativity and instill a refreshed perspective on community change while providing an intensive learning experience alongside renowned thinkers. This event is an experience you will not want to miss!
