Don Cowan Announced as Panelist at CPAmerica 2016 Northeast Regional Meeting

Toms River, NJ, June 6, 2016 – Don Cowan, CPA, PFS, CFP®, managing director of leading profitability and consulting firm, Cowan, Guteski & Co., P.A. is slated to present as a panelist during CPAmerica International, Inc.'s (CPAmerica) 2016 Northeast Regional Meeting. The annual event, organized by CPAmerica, one the nation's largest associations of independent accounting firms, brings together partners from firms in the Northeast region for member sharing and continuing professional education.

Don's panel topics include:

A Proven Succession Planning Process – preparing firms for the retirement of current partners and plans for the next generation of management.

Leadership Attributes for Next Generation Partners – how to retain exemplary employees and prepare them for firm partnership.

Proven Methods and Lessons Learned for M&A as a Growth Strategy – the best ways to approach merger and acquisition opportunities.

Don founded Cowan, Guteski & Co., P.A. in 1982. His skills as a business advisor to privately held companies and high net worth individuals in a variety of industries allows Cowan, Guteski & Co., P.A. and its affiliates to help clients improve business, create wealth and achieve goals. Don provides management advisory services in the areas of investment decisions, the evaluation of business structures and preparation of business plans. He has special expertise in the tax and financial planning areas and extensive experience in family-owned businesses, wealth management and succession planning. Don and his team help clients operate more productively and profitably through proper management and evaluation of operating systems.

Cowan, Guteski & Co., P.A. is an exclusive member of CPAmerica. This affiliation brings the advice and resources of more than 10,000 industry professionals in over 100 countries around the world. Membership in CPAmerica supplements the capabilities and resources of Cowan, Guteski & Co., P.A. through participation in research, education and training programs.
