### Product Description

ALDG/GDL Multistage Pump Features and benefits  
Less land area  
High efficiency  
Nice appearance  
Light weight  
Small noise at running

ALDG/GDL Multistage Pump Applications  
Water supply and boost for residence  
Water supply for indusrial boilers  
Water supply for the circulation of an air condition system  
Water treatment and anti-penetrating system  
Water supply for wood and pharmacy industries

ALDG/GDL Multistage Pump Technical Data  
Flow 0.8m3/h~200m3/h  
Head 5.6m~330m  
Temperature -20C~120C  
Fluid Temperature -20C~120C  
Pressure bearable ≤4.0MPa

ALDG/GDL pump	
Flange	25---150mm
Capacity	0.8---200m3/h
Head	5.6-330
Working pressure	2.5Mpa
Temp	-15---120dgree
Suitable for clean water	
Casing, impeller	Cast iron, staineless steel
Shaft seal	Mechanical seal(SIC, TC and so on)
shaft	2Cr13, stainless steel
