

**“TIME IS MONEY,
SO WE STRIVE TO
SAVE YOU BOTH”**

We are dedicated to making our customers' lives easier along every step of planning a new medical facility construction, expansion or remodel.

Between our Direct-to-Site services and the ability to make sure you have the right equipment you need for your specific facility, you can rest assured that we'll be assisting you every step of the way. We're committed to finding you opportunities to save on the cost of medical equipment. Time is money, and we get that – so we strive to save you both.

Fewer PO's Cut for the Project

- Reduces administration cost and effort (Remember: PO's traditionally cost an organization between \$75 and \$125 per PO.)

Condensed Number of Deliveries

- Reduces administration cost and effort
- Reduces risk of items being misplaced or lost
- Shortens the time of delivery (less disruption for you!)

Single Chain of Custody

- Minimizes potential for loss or damage

Assistance Selecting Products

- Our educated sales professionals will help you pick the best product for the best price. We are also knowledgeable on all the latest technologies.
- Hard-to-find product? We will find it and source it for you.

Best pricing

- Maximizes savings on the cost of equipment

No Outsourced Logistics Company/Warehouse

- Reduces risk, we handle all damage claims and product replacements
- Streamlines deliveries
- Eliminates offsite storage fees and unnecessary over-handling

Manage Incoming Freight, Consolidate Deliveries

- Reduces overall freight-in costs

Each Delivery Accompanied by a Single Receiver

- Reduces administrative cost and effort. One receiver for you to reconcile instead of hundreds.

Resolve All Product Failure Issues and Facilitates All Training & Demos

- Single point of contact reduces administrative cost and effort
- Ensures you can effectively and efficiently utilize every piece of equipment

We Use Our Staff, Not Yours

- Your staff can attend to other duties
- Our staff is fully knowledgeable on what handling needs each specific device requires, taking risk out of your hands.

Project is Delivered on Time!

With fewer people involved in the process, it's easier to trust that a target date will be met. Give up the hassle of monitoring many deliveries and companies at once – with CME, we're in charge of everything and the only point of contact that you'll need.
