

"Simply Education has worked with Genie Education for over four years. In this time Genie Education has proved to be an excellent partner with Simply Education providing a fast and efficient service to our candidates. Since being with them they have listened to all feedback that we and our candidates have said and have adapted their procedures to fit within our business model. I have recommended Genie Education to my peers and would continue to do so."

Adam Shulman - Managing Director Simply Education

"Orange Genie have been a brilliant Umbrella company to deal with, any queries have been dealt with efficiently and quickly, I would not hesitate to recommend any of our candidates to use them. We often get negative feedback about other Umbrella companies but haven't had any for Orange Genie and I can't recall the last time I dealt with any administrators from Orange Genie proving how efficient things are between us. As I always say no news is good news when it comes to teachers who we send a large quantity of to Orange Genie on a weekly basis."

Wayne Madgwick - Payroll Manager for Tradewind and Sanza

Compliance is spot on and the level of service is consistently good. All the people we deal with are knowledgeable and have a positive attitude."

Olivier Girard - Managed Services Contracts Manager for Hays PLC

"We have been working with Orange Genie for several years - we have found them to be very helpful from the initial call to our candidates; their advice and administration is spot-on and OG Team is very professional. We've worked with a number of umbrella organisations and have since selected OG to be number one on our Preferred Supplier List."

We have experienced a personalised, high level of service from OG and are supported by very experienced and professional staff. This helped immensely as we have passed this knowledge to our candidates. A pleasure to work with in all regards."

Anna Milczarek - Office Manager for ANZUK

"First for Education has used the Orange Genie group for 6.5 years as our sole supplier of outsourced payroll solutions, in this time we have received absolutely stellar customer service from the whole team at Genie Education. In the very unusual scenario that there is an issue, they respond to and deal with it in minutes, not hours. The routine processing of our payroll always goes without a hitch and if any of our candidates is in any way confused we pass them over to the client services team and they deal with it with utter confidence and clarity. They even go over and above their remit by making presentations to our own clients on complex topics such as AWR. I can't recommend them highly enough."
