WEB APPLICATION DEVELOPERS (ENTRY LEVEL)

Job Title: Web Application Developer
Location: Yakabod Headquarters - Frederick, MD 21701
Clearance: None, but must be willing to submit for TS/SCI with Full Scope Poly
Job Type: Full-Time, Entry Level

Are you passionate about technology and how it can make a difference? Do you want to work for a company that truly embraces the values of Grace, Integrity, Excellence, Passion, and Consistency? Imagine working in beautiful downtown Frederick with free parking and access to great restaurants, shopping, parks, and other activities. Even better, how about working for a small company where you really get to know your coworkers, have fun, and actually look forward to coming into the office everyday! Then as a bonus, you get to work in a collaborative environment where you can share ideas and learn from your peers.

We're looking for the best and the brightest to come grow with us. Not only will you learn new skills, you will have the opportunity to obtain the highest level of security clearance, which can only enhance your career opportunities.

Key Requirements:

- U.S. Citizenship and the willingness to submit to a TS/SCI Clearance and polygraph process
- Bachelor's degree in Computer Science, Information Systems, Engineering, or related major with GPA 3.0 or higher
- Passion for writing high quality code and building applications that focus on great user experience
- Working knowledge of web development in at least one programming language - ideally PHP (bonus for knowing more than one)
- Operate within the Scrum agile development methodology
- Understanding of Relational databases
- Knowledge of underlying web technologies: HTTP (request, response, headers, cookies), HTML, CSS, JavaScript and AJAX
- Extremely detail-oriented, creative, dependable and trustworthy, with a positive attitude
- Strong analytical and communication skills, as well as ability to multitask, collaborate, and work well within a team environment

Interested candidates should send a resume and cover letter to careers@yakabod.com

YAKABOD IS AN EQUAL OPPORTUNITY EMPLOYER

The Yakabox knowledge sharing system is used worldwide by professionals who are serious about security to capture, create and share stuff that matters (without plowing through stuff that doesn't).

Founded in 2001, Yakabod is headquartered in historic Frederick MD, just outside the Capitol beltway. Visit www.yakabod.com, email careers@yakabod.com, or call 301.662.4554.

WEB APPLICATION DEVELOPERS (ENTRY LEVEL)

Yakabod is seeing Entry level Web Application Developers to join our Application Factory Team. Recent graduates and those with a few years of experience will be considered. A bit of everything will be required – from integrating and supporting critical customer applications to creating new components in our core technology. You'll be expected to reliably 'get things done'. You must be a self-motivated, entrepreneurial, problem solver who loves to build software that 'works the way it ought to'.

Yakabod is a pioneer in web-based collaboration for secure environments. As a Yakabod Web Application Developer, you'll be expected to contribute significantly to the continued success of our Application Factory Team – leading, following, and collaborating.

Yakabod offers competitive salaries along with employer paid benefits such as: health, dental, vision, life insurance, short and long term disability, 401k with employer match, profit sharing, Employee stock options, flex-time, personal time off, company paid holidays, tuition reimbursement, free downtown garage parking, adoption reimbursement, charitable contributions, $1000 annual personal allowance, and more!

Preferred Skills (but not required):

- Solid ability to work with MVC design patterns in building PHP code
- Familiarity with Linux systems (Red Hat, CentOS) and proficiency with command line syntax
- Knowledge of the LAMP architecture and related concepts
- Familiarity with JQuery, React, NodeJS, or other Javascript frameworks
- Knowledge of cacheing strategies (Redis) and message queuing technologies (RabbitMQ)
- Experience with CVS or other source control tools

Interested candidates should send a resume and cover letter to careers@yakabod.com
