

**YAKABOD**

## WINDOWS DEVELOPER

**Location:** Yakabod Headquarters - Frederick, MD 21701

**Clearance:** Willing to submit for TS/SCI w/ Full Scope Poly (U.S. Citizenship Required)

**Job Type:** Full-Time

Yakabod is seeking a Windows Developers to join our Application Factory team. All skill levels from recent graduate to senior/expert level developer will be considered. A bit of everything will be required—from integrating and supporting critical customer applications to creating new components in our core technology. You'll be expected to reliably 'get things done'. You must be a self-motivated, entrepreneurial, problem solver who loves to build software that 'works the way it ought to'.

We're looking for impact players that resonate with our core values of Grace, Integrity, Excellence, Passion, and Consistency, which are the main components of our work culture.

Yakabod offers competitive salaries along with employer paid benefits such as: health, dental life, short term disability, long term disability, 401k with employer match, profit sharing, Employee Stock options, flex-time, personal time off, company paid holidays, paid downtown garage parking, \$1000 annual personal allowance, tuition reimbursement, adoption reimbursement, charitable contributions, and more!

### Key Requirements:

- U.S. Citizenship and willingness to submit to a TS/SCI clearance and polygraph process
- B.A. in Computer Science, Information Systems, Engineering, or related major with GPA 3.0 or higher
- Passion for writing high quality code and building applications that focus on great user experience
- Experience developing system level software in the latest Windows environment
- Good understanding of file system utilized in the Windows environment
- Extremely detail-oriented, creative, dependable and trustworthy, with a positive attitude
- Strong analytical and communication skills, as well as ability to multitask, collaborate, and work well within a team environment

### Ideal Candidates will also have:

- Working knowledge of web development in at least one programming language - ideally PHP (bonus for knowing more than one)
- Operate within the Scrum agile development methodology
- Understanding of Relational databases
- Knowledge of underlying web technologies: HTTP (request, response, headers, cookies), HTML, CSS, JavaScript and AJAX

Interested candidates should send a resume and cover letter to [careers@yakabod.com](mailto:careers@yakabod.com)

**YAKABOD IS AN EQUAL OPPORTUNITY EMPLOYER**

The Yakabox knowledge sharing system is used worldwide by professionals who are serious about security to capture, create and share stuff that matters (without plowing through stuff that doesn't).

Founded in 2001, Yakabod is headquartered in historic Frederick MD, just outside the Capitol beltway. Visit [www.yakabod.com](http://www.yakabod.com), email [careers@yakabod.com](mailto:careers@yakabod.com), or call 301.662.4554.
