

ADVERA™ INJECTOR SYSTEM

Overview

With P Q Corporation's introduction of ADVERA™, designed to meet changing and increasingly sophisticated market demands for the asphalt industry, CYCLONAIRE CORPORATION introduced a custom engineered, portable, fully self contained skid mounted ADVERA™ injector system.

Application

Inject ADVERA™ specialty products into a warm mix asphalt Batch and Drum Plants.

Features

- Compact design, minimal plant foot print
- Portable, fully self contained and skid mounted...NO FOUNDATION REQUIRED
- Bulk bag unloading hopper with powered lid
- Durable CYCLONAIRE DPG-3B pneumatic pressure injector
- Automated controls allow easy keypad entry for batch size and can be operated remotely from a central plant location
- Data information retained for batch process review & reporting

Requirements

- A single 480 vac, 3ph, 60 amp electrical connection
- A 2" convey line or hose for connection to the mill (Available from CYCLONAIRE as an option)
