

Kodak Scan Station 500

| | |
|---|--|
| Connectivity | 10/100 Base T and built-in 56K fax modem, no host PC required |
| Output Methods | Scan to network share, scan to print, scan to e-mail, scan to fax, scan to portable USB drive, scan to FTP, scan to SFTP, scan to FTPs (anonymous, authenticated, with proxy support) and scan to "cloud" destinations such as Microsoft SharePoint and Evernote |
| Network Protocols | TCP/IP, SMB, authenticated SMTP (login, plain text, CRAM, NTLM), DHCP (or static), NT domain authentication |
| Security Features | PDF private key encryption, optional password access, option to enable/disable the ability to scan to portable USB drives, secure login via LDAP, activity logging by Login ID, IP port blocking |
| Remote Administration (for system administrators only) | Secure login with a customizable password, ability to create and manage lists of Scan Station 500 devices, group and classify managed devices, update the configuration and/or embedded software of one, some or all managed devices, view the status of managed devices, remotely access and manage the logs of a single managed device, restart or power off a single managed device |
| File Format Outputs | Single and multipage TIFF, JPEG, PDF, text searchable PDF, encrypted PDF, optional JPEG compressed TIFF, WAV audio files |
| Control Panel | 20.3 cm 800x480 TFT LCD with touchscreen |
| Audio | Built-in microphone and speaker to record and play back Voice Attachment messages |
| On-board Processor, Memory, Hard Drive | Intel Atom Processor, 1 GB RAM, 320 GB hard drive |
| Scanning Technology | Duplex scanning with dual color quadlinear CCD, 600 dpi optical resolution, capture bit depth is 30 bits (10 x 3), color output bit depth is 24 bits (8 x 3), grayscale output bit depth is 256 levels (8-bit) |
| Output Resolution | 75, 100, 150, 200, 240, 300, 400, 600 dpi |
| Imaging Features | Perfect Page Scanning, deskew, autocrop, content-based blank page removal, automatic orientation |
| Throughput Speeds (portrait, DIN A4, 200 dpi) | Black-and-white/grayscale: up to 45 ppm/90ipm; Color: up to 30ppm/60ipm |
| Multi-Feed Detection | With ultrasonic technology |
| Feeder | Up to 75 sheets of 75 g/m ² paper |
| Maximum Document Size | 216 mm x 863 mm - may be restricted at certain resolutions |
| Minimum Document Size | 50 mm x 63.5 mm; Multiple-sheet feeding: 75 mm x 125 mm |
| Paper Thickness and Weight | 52-413 g/m ² paper and ID cards up to 1.25 mm thick |
| Recommended Daily Volume | Up to 3,000 pages per day |
| Approvals and Product Certifications | AS/NZS CISPR 22:2006 Class A (C-Tick Mark), CAN/CSA-C22.2 No. 60950-1 (TUV C Mark), Canada ICES-003 Issue 4 (Class A), GB4943, GB9254 (Class A), GB 17625.1 Harmonics (CCC "S&E" Mark), EN 55022 ITE Emissions (Class A), EN 61000-3-3 Flicker, EN 55024 ITE Immunity (CE Mark), EN 60950 (TUV GS Mark), IEC 60950-1, VCCI (Class A), CNS 13438 (Class A), CNS 14336 (BSMI Mark), UL 60950-1 (TUV US Mark), CFR 47 Part 15 Subpart B (FCC Class A), Argentina S-Mark |
| Dimensions | Weight: 10.5 kg; Depth 38.1 cm; Width: 34.9 cm; Height: 20.8 cm |
| What's in the Box | Kodak Scan Station 500, power cords, User's Guide, Setup & Documentation CD-ROMs, Quick Install Guide, one portable USB drive, configuration organizer software, scanner administration software |
| Recommended PC Configuration for configuration organizer software and scanner administration software | Pentium 4 , 2.8 GHz processor, 1 GB RAM, USB 2.0, running Windows XP (SP3), Windows Vista (SP2), or Windows 7 (SP1) |
| Accessories Available | Portable USB drives, Kodak Scan Station 500 Keyboard and Stand Accessory, Kodak legal size (A4) Flatbed Accessory, Kodak A3 Flatbed Accessory |
| Consumables Available | Feed modules, roller cleaning pads, Staticide Wipes |
| Software Available | NSi AutoStore Client enabled, other NSi AutoStore applications available |
| Warranty* | 12 months Warranty with Advanced Unit Replacement (AUR) in 4 business days and Scanner Hotline Support |
| Warranty Enhancement* | 36 months Warranty with Advanced Unit Replacement (AUR) next business day and Scanner Hotline Support |
| Recommended portable USB drive specs | USB 2.0, minimum size for configuration: 32 MB, minimum size for storing images/files: 128 MB |
| Environmental Factors | Operating temperature: 10-35° C; Operating humidity: 10% to 85% RH, Altitude <2000M |
| Illumination | Dual Fluorescent (Cold Cathode) |
| Power Consumption | Sleep Mode: <6 Watts; Operating Mode: <95 Watts; Power off Mode < 1 Watt |
| Interfaces | On rear panel: four USB 2.0 ports, one RJ45 10/100 Base T Ethernet port, one custom flatbed port and one RJ11 telephone jack On bezel: one USB 2.0 port |

WE DIDN'T BUILD IT TO KEEP YOUR BUSINESS COMPETITIVE.

**WE BUILT IT
TO PUT YOU
IN THE LEAD.**

Kodak
Scan Station 500

Add performance and power - in a small package - to your business.

Getting documents into the workflow fast is essential. Helping your business do more with those documents is even more important. That's why we built the **Kodak Scan Station 500**. It's a network scanning device loaded with smart features that make it easy to integrate, manage, and scan.

Now with a host of powerful remote administration functions to give system administrators control over your networked Scan Station 500 devices.

The smart, fast, easy, friendly, quiet, secure, remotely controlled Kodak Scan Station 500.

BUILT WITH A PURPOSE.

Send information. Not just data.

Our exclusive Voice Attachment feature gives you the option to record and send essential directions with your documents.

Make sure everyone gets the message.

With one scan, send a document to the network, to e-mail, to the printer, to fax, to a USB drive, to FTP, to SFTP, to FTPs, and to "cloud" destinations such as **Microsoft SharePoint** and **Evernote** - simultaneously.

Built for Remote Administration:

- Network Setup Wizard for easy configuration
- Create and manage lists of Scan Station 500 devices
- Group and classify managed devices
- Update the configuration and embedded software of one, some or all managed devices
- View the status of managed devices
- Remotely access single managed devices

Built to be Faster:

- Up to 9X faster than the competition (200 dpi, color duplex mode)
- Scan up to 3,000 pages per day
- Robust and versatile paper handling
- Feeder tray accommodates up to 75 pages
- Single-pass, double-sided scanning saves time

Built to be Secure:

- Enable or disable scanning to portable flash drives
- User Authentication based upon standard **Windows** OS authentication
- Transaction log tracks all usage
- Tighter security to help prevent malicious access
- PDF private key encryption
- Secure login via LDAP and sLDAP
- Send files via Secure FTP (SFTP) and FTP Secure (FTP)
- Secure remote administration via HTTPS and SSL

Built to Integrate:

Integration with applications developed by independent software vendor partners is achieved with an "open architecture" model in the series - the **Kodak Scan Station 520EX**. Integration could include the ability to:

- Install a custom scanning application
- Add a custom application within Kodak's application

Built to be Easy to Use:

- Intuitive touchscreen operation
- Image preview capability - view; edit, delete and replace images
- Frequent job settings can be programmed for timesaving convenience
- Kodak's Perfect Page Scanning for great image quality - automatically
- LDAP address lookup is compatible with your company directory

The large 20.3 cm LCD touchscreen makes it easy for everyone to scan and share.

Built to be Office Friendly:

- Whisper-quiet operation
- Integrated fax/modem - no need for a separate fax machine - incoming fax to e-mail and to PDF
- Scan and send with one device - no additional hardware or software required
- Ergonomically correct for standing or seated operation
- Ideal for walk-up or dedicated use
- Optional **Kodak** Legal Size (A4) and A3 Flatbed Accessories allow you to scan oversized and fragile documents.

Built to Inspire Confidence:

The award-winning **Kodak** Service & Support professionals are always here to help keep your business running smoothly.

The Kodak Scan Station 500 delivers high performance in a space-saving footprint.
