

# CARGO RACKS

## GEARCAGE®

- Available in two sizes, 4' L x 32" D or 6' L x 32" D inside dimensions
- All steel construction, solid floor with 7" high side rails contains cargo and protects from road grime
- Carries 300 lbs of cargo for 2" receivers
- Offered in two hitch mount styles: Straight Pipe (SP) or TwinTube (TT)

### *A multi-function cargo rack for travel, recreation, and commercial use*

Use GearCage to carry cargo, luggage, bicycles, scooters, wheelchairs, generators, snowblowers, and more. Our high capacity systems are engineered for safe, large-footprint use with sway control technology.
