

GetThere on smartphones

Available for Air, Car and Hotel Reservations.

Smartphone Shortcut:

Smartphone users can create GetThere icon to their phone's home screen
 or
 Add a bookmark shortcut to their list of favorite sites within the phone browser.
 Once selected, this shortcut acts the same as manually typing a URL.

Smartphones supported: iPhone, Android, Blackberry, Windows
 Following platforms are supported:

Platform	Operating System	Browser
Apple	iOS 6.1	Default browser (Safari)
