**Janus International Group, LLC Recognized With Two Awards  
from Inside Self Storage Poll**

**FOR IMMEDIATE RELEASE**

**(Temple, GA – August 7, 2017)** Janus International Group, LLC has been recognized with two awards from the 2017 Inside Self Storage (ISS) Best of Business reader-choice poll. The annual campaign allows self-storage industry professionals to vote for their favorite product and service suppliers in more than 35 categories.

Voting took place from June 1<sup>st</sup> to June 30<sup>th</sup> and participants could vote one time, in as many categories as they like. The results were announced August 1<sup>st</sup>, with Janus International being named both 'Best Retrofitting/Refurbishing' and 'Best Self-Storage Door'. This is the 7<sup>th</sup> consecutive year Janus has been recognized for 'Best Self Storage Door' and the 4<sup>th</sup> consecutive year being recognized for 'Best Retrofitting/Refurbishing'.

Janus International first introduced its 3<sup>rd</sup> Generation roll-up sheet door in 2002. The doors' unique dead-axle design, harder steel, tension adjust, radial ball bearings and superior paint processes are all standard features – a testament to the company's commitment to superior craftsmanship and innovation.

"We are honored to once again be recognized by our peers and other industry professionals. Our company continues to foster a culture of innovation where we are focused on manufacturing a superior steel roll-up door and components for the self-storage industry and commercial industrial markets," said David Curtis, President and CEO.

Janus International has also successfully addressed the increasing need to reinvest in aging facilities by helping customers with retrofitting or refurbishing projects. The growth of its R3: Restore. Replace. Rebuild. program is designed to address the issues faced by older facilities, helping them reinvent their offering to make them more competitive businesses in today's self storage marketplace.

###
