

BJ's Replenishment Specialist and Global Transportation Department must be notified if:

- A carrier has not been assigned for a purchase order.
- Multiple purchase orders are to be combined on the same shipment.
- A difference exists between ordered quantity and shipped quantity.
- A difference exists from the original/routed ship point.

BJ's Preferred Transportation Providers

Collect purchase orders must be routed using the assigned BJ's preferred transportation provider. Prepaid purchase orders should be routed via BJ's preferred provider whenever possible. Please refer to the following directory as a guideline. Contact the providers to learn more about specific services provided.
