STEP 1: Where does YourTutor go, in your portal?

- Place the link to your YourTutor page where students are *already looking* for help
- Put the link in multiple locations, eg **Student Resources**, **Help**, **Contact Us**, **Support**, **Student Services**
- Make sure the link describes the service: "Online study help", "24/7 study help", "On-demand study help" - not just 'YourTutor'

STEP 2: Make it look good

- Include the graphic and/or video which tells students what it is
- Add a short explanation about what they can get help with
- Make it clear *how* they connect - the large CONNECT NOW button works
