

TurtleSkin® CP Insider 400 Series

Versatile Liner Glove with Advanced Puncture Protection

The CP Insider 400 Series gloves feature 2 plies of TurtleSkin protective material offering advanced cut and puncture resistance. The gloves provide excellent protection against dangerous threats including hypodermic needles, broken glass, and sharp tools. The CP Insider gloves are very versatile fitting nicely under your preferred work glove shell, disposal nitrile, or you can even wear them on their own. Consider the CP Insider 400 Series gloves for jobs with high exposure to syringes and other sharps.

*No glove is completely cut or puncture proof
