

# The creative process is messy. Your space doesn't have to be.

**We'll remove your old furniture and possibly even sell it!**

We push ourselves to explore new possibilities and generate solutions to any challenge, which is why we created our buyback and disposition program for clients like you.

At Continental Office, we want to help you get the full value out of your furniture investment, while providing a flexible solution to make way for new options in your space. Through our program, we create a customized plan to help you manage the removal of existing assets, which could involve positive cash value for you. In addition, our goal is to improve our environment by reducing what goes to landfills through asset resale, scrap and donation.

Since 1939, we've created memorable experiences through the delivery of intentional spaces so our clients and partners are inspired to change the way they work and think.

## What we do

We challenge the status quo and strive to change the way you think about the furniture disposition and buyback process. With our 75+ years of experience, we deliver:

### Furniture disposition

With our removal capabilities, we can take most existing assets off your hands. From workstations to seating and even some electronics, we'll tackle most projects, regardless of manufacturer.

### Nationwide service

Whether you have one location or many, with our national network of trusted professionals, we can manage your asset disposition and buyback program anywhere in the country.

### Disposition options

Do you want to sell your furniture? Scrap it? Donate it? Not sure? Well, we can help you determine what will work best for your business goals by assessing the condition of the assets you have.

### One-source solution

With us, you can bundle most services, from furniture to flooring, and take advantage of our additional disposition and buyback services at the same time. We coordinate internally to provide timely delivery of all services.

## How we do it

We're dedicated and deliberate in every relationship we make. With our furniture disposition and buyback program, we want to provide a complete solution that takes the challenges of managing aging assets that you might face into something that's easy and seamless for you.

With our commitment to green design approaches, improving the environment and safe working conditions, when you partner with Continental Office, you can expect:

A knowledgeable, collaborative team of experienced networked individuals who practice safe working conditions while on your site.

Proper, efficient disposal and recycling of your existing assets, if so desired.

Consultative approaches to selling unwanted assets that best benefit your company and you.
