4 OR 8 WEEK PROGRAM (DAY)

Ensuring people understand you is the most important part of learning any language and perhaps the most difficult. Replicating the sounds required by the English language often means learning new ways of using your facial muscles, your breathing, and your voice.

Learning English means communicating with English speakers by talking, listening, reading and writing. Often the most important and challenging skills are talking and listening, as we use these every day in many different situations. Knowing many English words and using good grammar isn't enough - people need to understand what you are saying, and you need to understand them.

Whatever your future plans, a Cambridge qualification is a great choice as it is accepted worldwide as a well-respected standard of English proficiency.

Among the many reasons why I have decided to come to Australia, the main one was to improve my English skills.

I have attended the CAE course at Greenwich English College and I have to admit that I was positively impressed! CAE is a challenging course which helps you consolidate your language foundations in terms of grammar, writing, speaking, listening and reading skills. Even though the amount of new vocabulary can be sometimes overwhelming, at the end you will realize how much you have learnt!

I would strongly recommend to study at Greenwich English College and to those who would like to make a qualitative leap in their English skills, CAE is the way to go!

- MODULE 2 ▪ Sales and Marketing
- MODULE 3 ▪ Management and Human Resources

I studied 3 modules of English for Business and also took the Cambridge BULATS exam here at Greenwich. I passed the exam with an advanced score! Now I have the knowledge and also the internationally recognised qualification which has made my Spanish degree so much more meaningful in Australia.
