

Web-Based Applicant Tracking

ClubPay offers your business a Web-Based Applicant Tracking System that is simple, effective, and inexpensive.

The Benefits

Management System. Simple yet powerful, it has the right combination of options for all sized businesses including a Custom Career Web site branded just like your web site. Experience an increase in applicants by as much as 20% by pushing your job postings out to online job boards. Expect more qualified candidates as the system will let you screen candidates on the application itself by specifying up to 10 job-based questions.

An overview of the benefits that you can expect:

- Streamlining your hiring process
- Reduces Recruitment costs
- Provide a more professional experience to candidates
- Reduces the “open-to-hire” process
- Ensures the assessment process is consistently applied
- Report on recruitment activity including; Equality & Diversity, Advertising Effectiveness. Integrates with Google Analytics
- Strengthening the ROI of your recruiting campaigns

The Service

Paperless Employment Applications

Custom or standard online employment applications. Allows easy management of your applicants.

Post to your Career Site

Create online job descriptions by copying from a document, or start with a pre-defined template and push out to multiple free Job Boards.

Everything in One Place

Quickly view applicant information, including: resume, contact details, correspondence, internal notes and ratings.

Find More Candidates

Search your candidate database to quickly find candidates that match the requirements of a new position.

Track Everything

Automatically track applicant activity including e-mail correspondence, interview dates, ratings, internal notes, and share applicant information with hiring managers.

Compliance Reports

Automatic compliance reporting including EEOC and Affirmative Action.
