Step 4: Scroll down on the page to find the program performance measures. Click on the words of the performance measure

Step 5: Hold curser over small blue box until larger blue box opens below and click on "edit"

Step 6: When this screen comes up, click "data".

Step 7: Click on the + sign to add more time periods. The one at the top adds the next one by date, the one at the bottom adds the previous one by date. Put data value in the "Actual Value" box. Then click "Save" to save your data. **WARNING: If you click on – it will delete the time period and your data.** Leave target value empty. UWCI will put in where needed.

Do not add numerical values to the performance measures that begin with "Percent", those have a formula associated with them so when you enter the number data in other performance measures, the "Percent" performance measure will change. **Except counseling programs will need to enter the percentage numbers.**

Congratulations! You have added your data to your scorecard.

3. Adding Narrative to the "Percent" performance measure(s).

Click on "Percent" performance measure(s) to get a screen like below and scroll down until you see the boxes for "Story Behind the Curve," "Partner," "What Works," and "Action Plan"

Click on the pencil figure to open the writing area. When finished, save by clicking on far right symbol of save (see next page for location).

Do the same for all four areas.

4. Updating Program information

You will need to review and edit or answer the following questions of your program:

- 1. What We Do
- 2. Who We Serve
- 3. How We Impact
- 4. Success Story

You will find these areas by clicking on the program name
