Gartner Inc.'s "2015 CEO Survey: Committing to Digital," found that **77%** of CEOs believe that digital business is bringing new types and levels of risk. At the same time, **65%** of CEOs see their risk management disciplines falling behind.

## ALL IN ONE COMPLETE PACKAGE

**Leave it to us.** Security Complete Plus<sup>GRC</sup> combines our talented experts, equipped with state of the art ControlPanel<sup>GRC</sup> tools, to manage your SAP security environments.

Our blended solution takes the burden off your shoulders, 24x7x365, to maximize your security effectiveness. We'll ensure your environment remains current with continually evolving audit and regulatory requirements, and that you stay two steps ahead of increasing security threats.

Meanwhile, fixed price support means you don't have to worry about unexpected costs creeping into your bottom line.

## Managed Security Services for SAP Environments

It takes a combination of great people and powerful tools to maximize security and compliance efforts. By taking a proactive approach to managing your SAP environment, your Symmetry team becomes trusted advisors who empower your internal staff. Whether it's occasional help or a full team and compliant processes that you need, our expert security team provides flexible levels of support. We'll help navigate the minefield of security and compliance management, so you can rest assured you have a partner at every turn.

**Security SafetyNet** - As needed, retained support to augment your internal security team.

**Security Complete** - Our experts work with your existing tools and processes directly in your system, for complete security environment administration.

**Security Complete Plus<sup>GRC</sup>** - Enlist our experts for complete ControlPanel<sup>GRC</sup> software-enabled administration of your security environment.

## About Symmetry

Symmetry, an SAP Services Partner Certified in Hosting, Cloud and SAP HANA® Operations, provides technical managed services, security administration and project consulting in support of SAP solutions for customers in the U.S. and around the world. With a long history and proven methodology for delivering hybrid solutions, Symmetry delivers flexible, high-quality IT solutions that help reduce the total cost of ownership and maximize the performance and security of our customers' most mission critical systems.

## GET STARTED TODAY

Security SafetyNet	Security Complete	Security Complete Plus <sup>GRC</sup>
 Great for those who have a security team, but also a small recurring security need requiring outside expertise.	 This is designed for those who have their own tools, but do not have a formal security team.	 For those with adverse audit findings, a security resource issue, GRC automation issue, etc. who need complete environment administration.
		
Whether you need to support an entire environment or a single landscape, our flexible monthly service levels offer the most comprehensive solutions, tailored to your exact needs.
