

AquaHealth[®], Inc. Introduces **BOTTLE FREE CONFERENCE**

Give your meeting planners a real choice to say 'No'
to wasteful traditional Bottled Water

AQUAHEALTH[®]
Earth Friendly Bottled Water[™]

At Conference Registration:

Each registrant receives a top quality, stainless steel, double-walled bottle with your logo to be used throughout the conference. This is their ticket to free bottled quality water for the duration of the conference and well beyond as they are home planning their next trip.

Each Registrant also receives a biodegradable sticker that is customizable for them and the theme of their conference. This can be placed on each bottle. Bottles will not be lost or confused and meeting planners will appreciate the conference message being retained long after the registrants have left.

DELTA

2012 GLOBAL RENDEZVOUS

Sheraton Seattle Hotel | May 30 - June 2, 2012

AquaHealth® Brings Sustainable Water Wherever You Need It!

SELF-SERVICE HYDRATION STATIONS

Place these in strategic locations in or near meeting rooms, on every floor, or where registrants can access.

STAINLESS STEEL BOTTLE

Attendees can fill-up their personalized, stainless steel bottles at conveniently located self-serve or mobile hydration stations throughout your property.

MOBILE HYDRATION STATIONS

Maximum Flexibility is created for clients who choose the **Mobile Hydration Station**, delivering cold, purified water outside meeting rooms, hallway, lobby and outside function areas.

MEETINGS

As attendees are in conference meetings, you can provide them refreshing, cold, AquaHealth® water in beautifully presented liter bottles, that are collected and used again.

MEETING BREAKS

Provide water for your attendees in elegant, re-usable, glass bottles.

SPEED FILLER

Our **Speed Filler Programs** allows for fast and efficient service for banquets, catering and in any number of hotel settings.

BANQUETS

During sit-down meals, participants will be served elegant, cold, one-liter bottles of AquaHealth® still water.

IN ROOM WATER

You provide one liter glass bottles of AquaHealth® still or sparkling water to registrants in their rooms. Participants will be reminded in their room that this offering is meant to be fully sustainable. (Missing bottles will be charged back to the room.)

WATER URN

Use with Fruit infused water.
