Special Economic Zone

Cayman Enterprise City

Cayman Enterprise City (CEC) is a booming technology-focused Special Economic Zone located in the tax-exempt Cayman Islands.

CEC consists of:

- ◆ Cayman Internet Park
- ◆ Cayman Media Park
- ◆ Cayman Science & Technology Park
- ◆ Cayman Commodities & Derivatives Park
- ◆ Cayman Maritime Services Park

CEC is conveniently located one hour's flight from Miami and three from New York City. This entrepreneurial hub enables start-ups, mid-sized enterprises and global tech brands to easily and cost-effectively establish a genuine offshore physical presence complete with fully equipped offices and staff. You can generate active business income and enjoy 100% exemption from corporate tax. You have the convenience of operating on Eastern Standard Time* from a jurisdiction that provides a first-world infrastructure, no commute and an unparalleled lifestyle!

Why businesses are setting up in Cayman Enterprise City

- ◆ No corporate, income, sales or capital gains tax
- ◆ Renewable 5 year work visas granted in 5 days
- ◆ Easy fast-track set up in 3-4 weeks
- ◆ Intellectual Property protected offshore
- ◆ Cutting-edge IT infrastructure
- ◆ Offshore hosting and payment gateway
- ◆ An appropriately regulated environment
- ◆ No Government reporting or filing requirements
- ◆ Tech cluster with massive cross-marketing opportunities
- ◆ You can be virtually anywhere in the world by one connecting flight
- ◆ A catalyst for rapid international growth

☞ Cayman Enterprise City is the future of offshore business

Being physically located where there's a high quality infrastructure, great lifestyle, no tax, no regulatory burdens and our IP is protected offshore, has allowed our global business to flourish!

RAOUL PAL - CEO of REAL VISION TV SEZC

Cayman is the ideal business location

The spirit of Cayman is entrepreneurial. It is an extraordinary blend of paradise and modernity not found in any other Caribbean island, and it's fast becoming the world's leading offshore digital jurisdiction. Our pro-business Government has removed the time-consuming red tape by granting incredible concessions to make it quick, easy and cost-effective for you to set up and operate your global business here. The jurisdiction meets the highest anti-money laundering compliance requirements and there are first-class service providers to support your business. Your staff will be pleased to hear there are excellent schools and medical facilities and every kind of sporting, dining and leisure option in Cayman.

Here's why over 170 companies have already set up

- ◆ Cayman is a stable British Overseas Territory
- ◆ It has a pro-business regulatory environment
- ◆ The strength of British Law and IP protection
- ◆ It's one of the world's leading international financial centres
- ◆ It's the world's #1 hedge fund jurisdiction
- ◆ It offers a cosmopolitan, upscale lifestyle
- ◆ This well-managed jurisdiction is OECD white listed
- ◆ You can be anywhere in the world by one connecting flight
- ◆ There's a talented, motivated local workforce
- ◆ Easy access to U.S. and global markets

CEC made setting up simple, quick and affordable

We had critical workers all around the world, but by working with Cayman Enterprise City, we were able to bring our entire team together, in one location, with no H-1B visa restrictions.

KELLSEY LE - PRESIDENT AND CEO OF NET(net) SEZC

We take care of everything and make it easy!

Setting up a business in a new country can be daunting, so we've thought of everything you'll need for a smooth transition. We've already helped over 170 companies relocate to Cayman, and our experienced Client Services team will guide you every step of the way. We'll even introduce you to first-class service providers including lawyers, tax advisors, bankers, realtors, schools, recruitment companies and health insurance providers. In fact, whatever your needs, we've got them covered:

- ◆ The licence for your business
- ◆ The work visas for your staff
- ◆ Fully serviced or custom designed offices
- ◆ Use of the business centre facilities
- ◆ Your telecommunications and IT needs
- ◆ Offshore data-hosting and payment gateway
