ITESOFT's mission is to make processes that rely on business document exchange smoother, simpler and faster.

ITESOFT offers an innovative range of solutions for capturing, automatically processing, and handling all documents flowing into companies. The company's offer is based on two product lines:

- FreeMind, a licensable solution for capturing and automatically processing documents for large organizations. This includes handwritten correspondence, forms (such as order forms and slips), invoices, payments (cheques and drafts).

- Yooz, an SaaS solution for capturing and automatically processing supplier invoices, designed for small, very small, and medium-sized companies, associations, certified accountants, and local government.
