Refresh

FLAVOR INFUSING FLASK

mylifemyshop

Infuse your water, Refresh your life

The Refresh Flavor Infusing Flask makes it easy to infuse your water with flavor from lemons or limes, fruits, berries, cucumber, melon, mint, ginger...the possibilities are endless. Not only will the enhanced flavor make drinking water more enjoyable, it will also help curb cravings and increase your hydration and energy levels.

The Refresh features double walled stainless steel vacuum insulation that will keep your drinks cold or hot for up to 10 hours. The food grade stainless steel is corrosion and rust resistant, making it suitable for milk, juice, citrus, acidic fruits, vegetables, and meats. May also be used without the removable infuser basket for coffee, soups, alcohol or other beverages as so desired.

Using Your Refresh

1. Wash the Refresh with soap and hot water to sanitize it before using for the first time. Do not put in dishwasher, hand-wash only.
2. Turn the lid counterclockwise to remove it, then twist the flavor basket counterclockwise to detach it from the lid.
3. Fill the bottle with hot or cold liquid of choice.
4. Fill the flavor basket with chosen ingredients then reattach the basket to the lid.
5. Replace the lid on the bottle and turn clockwise to tighten.
6. Shake the bottle gently to infuse the flavors.

CAUTION

The double wall stainless steel will keep liquid contents incredibly hot even after extended periods of time. If filled with boiling or extremely hot liquids, always pour hot contents into a cup instead of drinking directly from the bottle to prevent scalding. Always pour slowly as extremely hot contents may spurt out. Keep out of reach of children when using for hot liquids. Do not overfill the bottle above the indicated maximum fill line. Overfilling may prevent the lid from screwing on tightly and may cause contents to overflow. Hand wash only, do NOT put in dishwasher. Do NOT microwave.
