TAME

damp or dry hair styling
flat iron

#VPBEAUTY | VANITYPLANET.COM

CREATE BEAUTIFUL, LONG-LASTING HAIRSTYLES WITH ONE SIMPLE DEVICE.

YOUR TAME

Every detail of the Vanity Planet Tame was designed with your convenience in mind. This advanced hair styling tool uses specially designed technology to take your hair from damp or dry to perfectly styled quickly and easily. High quality professional Titanium Tourmaline plates produce extra shine and softness while vents at the top of the iron allow steam to escape, resulting in healthy hair that feels as good as it looks. Unlike regular irons, Tame works wonders on damp hair. The uniquely designed vents at the top release steam so hair dries quickly while the Negative Ion Generator helps you create the styles you crave. Designed for all hair types, this quick-heating device has an adjustable range of 150°F to 450°F and comes with a Temperature Lock so you can style with confidence.

In addition, Tame's Handle Lock Mechanism and 360° Swivel Cord simplify use and storage while the Auto Shut-Off mechanism kicks in after 60 minutes so you can keep your cool if you forget to turn it off. The soft touch coating prevents slippage and makes it comfortable to hold.

Whether you want a sleek, straight look, or bouncy, voluminous curls, Tame consistently provides professional-caliber results that will make you want to show off every new hairdo.

USING YOUR TAME

Plug in Tame and hold down the start/stop button for 2 seconds to begin heating. Use the plus and minus symbols to adjust until you reach the temperature you desire. When that temperature is displayed on-screen, double click the start/stop button to lock it in place. This will ensure that the temperature does not change accidentally during use. Now you're ready to use Tame to style your hair any way you want. The rounded design and the Combed Head of Tame give you the ability to create curls or a sleek, straight style. Once finished, double click the start/stop button to unlock the keys, then hold the start/stop button for 2 seconds to shut off the device. Unplug it, and wait for it to cool, before storing Tame in a safe place.

NOTE – Do not use this device to style synthetic hair.

FOR BEST RESULTS - Wash hair before styling, then comb it out thoroughly. Work with hair while it's damp or completely dry.

CARING FOR YOUR TAME

To keep your Vanity Planet Tame in optimum condition, do not use abrasive cleaners or chemicals to clean any part of this device. Only clean when device is off and cooled.

CLEANING THE HANDLE:

To remove any residue or buildup, clean the handle at least once a week by taking a slightly damp cloth and wiping down the body of the unplugged device. Do not use soap.

CLEANING THE PLATES:

Wipe down the Titanium Tourmaline plates with a slightly damp cloth while device is turned off. Make sure to carefully clean around the edges to remove any hair product overspray.

IMPORTANT SAFEGUARDS & WARNINGS

To ensure that you experience the full range of benefits from the Vanity Planet Tame, we recommend the following:

- Check the voltage before using to ensure that the selected outlet corresponds with the power of this device.
- Do not touch any direct part of the iron plates while in use due to the extreme heat.
- Avoid using the device too close to your scalp or neck to prevent burns.
- Unplug the device by the cord's plug; do not unplug by pulling on the cord.
- Do not leave the device powered on when it is not in use to prevent overheating.
- Do not leave the device exposed to sun, rain, or other weather elements.
- Keep device out of the reach of children.
- Do not submerge device in water.
