PRO DRY

premium led
nail dryer

#VPBEAUTY | VANITYPLANET.COM

THANK YOU

Thank You for choosing the Vanity Planet Pro Dry Premium LED Nail Dryer, the easy way to get salon-quality manicures in the comfort of your own home.

The Pro Dry features 60 mini LED bulbs delivering 12 Watts of LED light to cure LED polish in as little 30 seconds. The convenient preset timer offers 30/60/90 second or 30 minute dry time with auto shut off.

The dome-shaped design allows curing of all 5 fingers at once and the energy-efficient bulbs provide up to 50,000 hours of consistent performance.

Now you can keep your nails looking fresh and pretty without sacrificing your pocket book. Please take a few minutes to read this booklet so you can fully enjoy your new Pro Dry Premium LED Nail Dryer.

VANITY PLANET

DIRECTIONS

Always follow curing instructions for your LED Gel Polish as curing times may vary between brands and color shades.

STEP 1

Insert the power adaptor into the nail dryer and plug into an electrical outlet.

STEP 2

Press the button to select 30/60/90 second or 30 minute operation.

STEP 3

Allow nails to cure. The light will automatically shut off at the end of the cycle. To turn the light off prior to the end of the cycle, press the selected timer button.

TO CLEAN THE UNIT

- Unplug the unit and disconnect the power cord prior to cleaning.
- Wipe with a clean, damp cloth and mild cleansing agent to remove any buildup or residue.

WARNINGS AND PRECAUTIONS

- Do not operate near water. Do not allow debris, water droplets or other liquid to come in contact with the nail dryer. If the dryer becomes wet or dirty, it may malfunction and will need to be cleaned and thoroughly dried before attempting to operate.
- Never look directly into the LED lights. It is recommended to wear goggles while operating. Failure to protect the eyes may cause irritation, damage to the retina and cataracts.
- Use only with LED gel polish. Do not use with gel polish that is not specifically formulated to cure in LED light.
- Adult use only. Do not use if pregnant. Keep out of reach of children. Do not use if you have or have had skin cancer or are prone to sunburn. Certain drugs may increase sensitivity to UV light, consult your physician.
- Minimize skin exposure to LED light. Excessive use may lead to sunburn. Repeated exposure to UV rays may cause premature skin aging, sunburn and increased risk of skin cancer.
- Unplug the power adaptor if not using for an extended period of time. If the power adaptor or cord becomes damaged, discontinue use and replace.
