

AWS Competency Center @ e-Zest

Amazon Web Services commonly known as AWS provides a highly reliable, scalable, low-cost infrastructure platform in the cloud that powers hundreds of thousands of businesses in 190 countries around the world. With data center locations in the U.S., Europe, Singapore, and Japan, customers across all industries are taking advantage of the following benefits:

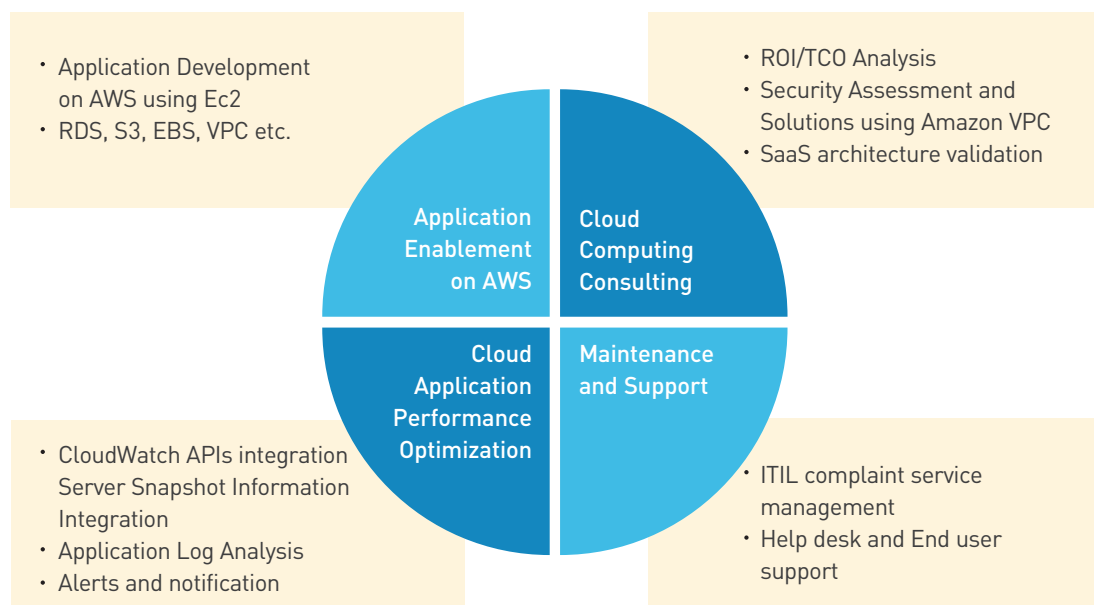

Low Cost: AWS offers low, pay-as-you-go pricing with no up-front expenses or long-term commitments.

Agility and Instant Elasticity: AWS provides a massive global cloud infrastructure that allows you to quickly innovate, experiment and iterate.

Open and Flexible: AWS is a language and operating system agnostic platform. This flexibility allows you to focus on innovation, not infrastructure.

Secure: AWS is a secure, durable technology platform with industry-recognized certifications and audits: PCI DSS Level 1, ISO 27001, FISMA Moderate, HIPAA, and SAS 70 Type II.

e-Zest Solutions Ltd is an Amazon Web Services (AWS) Solution Provider. e-Zest has over a decade of experience in enterprise software engineering and has developed large scale enterprise applications on AWS for its customers across US and Europe using AWS components such as EC2, RDS, ELB, S3, IAM, CloudWatch etc. e-Zest provides full spectrum consulting, application development and maintenance services specially designed for Amazon Web Service (AWS) cloud platform.
