

MORTGAGE WORKSPACE® NUC

A Desktop replacement in just 4 inches square

reduce downtime, increase productivity

MWS NUC
SMALL DEVICE
BIG PERFORMANCE

The Shape That Fits the Future.

intel Look Inside™

Run on 3 Displays

BUILT FOR THE MORTGAGE INDUSTRY

SECURITY AND DATA PROTECTION AT THE DEVICE LEVEL

Access Business Technologies (ABT) has designed the MWS NUC specifically for the mortgage industry. DeviceGuardian™ is a tool installed on the MWS NUC device that allows ABT to securely manage all of your mortgage software, data, and users, reducing costs and improving efficiency. DeviceGuardian™ PC and Device Protection ensure that all of your devices are secure and compliant with Consumer Financial Protection Bureau (CFPB) regulations.

A Desktop Replacement in 4 Inches Square

YOUR MINI PC SOLUTION

With the 5th generation Intel® Core™ processor, the MWS NUC is a powerful and flexible Mini PC for both enterprise PC replacement and thin client installments. Packing desktop features into just 4 inches square, the MWS NUC is designed to strengthen security across your business while delivering the performance your loan officers demand. You can also take advantage of SSDs in the latest M.2 form factor or 2.5" HHDS both with RAID support for storing content reliability. Intel® HD Graphics 5500 with K display capabilities display your project and apps beautifully across three displays. All while using the strength and security of Windows 10 Pro.

DESIGNED FOR PRODUCTIVITY

Intel 5th Gen Core processors give you the performance you need to get the job done.

**INTEL
HD GRAPHICS
5500**

VISUALLY STUNNING GRAPHICS

Intel HD Graphics 5500 4k display capability provide a seamless visual experience that requires no add-in card for vibrant HD video playback and increased speed and performance.

BUILT FOR MANAGEABILITY

The MWS NUC built with the 5th generation Intel® Core™ processor allows you to remotely manage and interact with hardware and software even if systems are unresponsive

ROOM TO CHOOSE

8 GB or 16 GB of RAM
Choose wired and wireless options

SEE THAT?

Triple display capability lets you easily extend your workspace across multiple screens.

HARDWARE LEVEL SECURITY

Trusted Platform Module 2.0 give the MWS NUC another reliability safeguard that helps keep your mortgage business secure, and makes it easy to encrypt data.
