

The GM-200P has been specifically designed to use in rooms with installed displays or projectors. It offers ample storage with a 9RU front and rear interior rack unit and adjustable interior shelf. The GM-200P comes standard with PSM-200 AmpliVox® speaker module. AVTEQ's APA adjustable height camera platform elevates the videoconferencing camera to the desired height. The GM-200P is a feature-rich, user-friendly durable cart with solid steel construction.
