BUSINESS SOLUTIONS

So You Can Do What You Do Best

Today's businesses are becoming increasingly mobile. Tablets and smartphones are playing a bigger and bigger role in how you conduct business in the office, at home and abroad.

We understand that the technology you choose is an investment, and the longer it's in use, the higher the dividends. Trident Case provides the high-quality, personalized protective solutions your organization needs to succeed. Let's do business together.

Suggested Products for Business Solutions:

- Kraken A.M.S. Series smartphone and tablet cases
- Arkon Mounts

CONTRACTING SOLUTIONS

A Case That Puts in the Work

When it comes to the contractor's toolbox, tablets and smartphones are some of the hardest workers on the jobsite. They help solve problems on the spot, without the bulk or financial risk of bringing a laptop into hardhat areas. They make it easy to stay connected with coworkers, compare prices in an instant, and keep distributors, vendors and subcontractors close at hand.

But a desk job this isn't. The risk of damaging valuable mobile devices is real. When only the best safety precautions will do, Trident Case delivers. Protect your technology so you can get the job done.

Suggested Products for Contracting Solutions:

- Kraken A.M.S. Series smartphone and tablet cases
- Cyclops Series smartphonecases
- Arkon Mounts

EDUCATION SOLUTIONS

Trident Protects the Tech That Teaches

When a teacher's touch is combined with a touchscreen, the opportunities for learning are limitless. Tablets and smartphones in the classroom open up new avenues of learning for today's ultra-connected kids.

With Trident Case, you can protect the things that matter most: the interests of students and teachers, and the tools they use every day.

Suggested Products for Education Solutions:

- Kraken A.M.S. Series tablet cases
- Aegis Series tablet cases
- Arkon Mounts

GOVERNMENT SOLUTIONS

Mobile Protection for the Front Lines

Communication is key in any emergency situation. Every second lost is a second that could have been spent helping. Equipped with the latest mobile devices, agencies are able to streamline the way they communicate, mobilize and respond.

Trident Case helps keep the lines of communication open by keeping their tablets and smartphones safe... for safety's sake.

Suggested Products for Government Solutions:

- Kraken A.M.S. Series smartphone and tablet cases
- Arkon Mounts

HEALTHCARE SOLUTIONS

Mobile Protection for Everyday Heroes

The healthcare industry is always on the move. Just as medical technologies advance with each passing day, mobile devices in hospitals and doctors' offices have become lifesavers for those who use them.

Vital patient data can be called up at the push of a button, giving health professionals fast and easy access to the information they need to give the very best care. And when only the best will do, many surgeons, doctors and dentists rely on Trident Case for innovative, effective protective solutions for their mobile devices.

Suggested Products for Healthcare Solutions:

- Kraken A.M.S. Series smartphone and tablet cases
- Arkon Mounts

RETAIL SOLUTIONS

We Mean Business

We're seeing a revolution in the retail space. Cash registers are being traded in for tablets. Employees working the floor use smartphones not to slack, but to help customers.

Store and business owners are seeing the benefits of going mobile, both from a customer service and financial standpoint. Whatever the device, Trident Case adds protection to your business plan.

Suggested Products for Retail Solutions:

- Kraken A.M.S. Series smartphone and tablet cases

TRANSPORTATION SOLUTIONS

Mobile Protection for the Road Ahead

Whether you're riding on two, four or sixteen wheels, you depend on your mobile devices to drive you forward. Anyone who operates a vehicle for a living - drivers of trucks, buses and cars can attest to the benefits: tablets and smartphones streamline navigation, communication and coordination, making life on the road easier than ever before.

But when the road gets bumpy, there's only one way to protect the technology that keeps you connected to the world at large: Trident Case. Let's drive.
