## about kpi

KPI Partners is the largest and most experienced systems implementation partner focused on Oracle Business Intelligence and Enterprise Performance Management

KPI's Quick Start Program is designed to give Oracle BI customers a head-start on realizing the value of their investment

### Overview

If your organization purchased 11g Upgrade Accelerator, you probably want to get started quickly. The 11g Upgrade Accelerator Quick Start Package from KPI Partners can help you take the first steps.

### Package Detail

KPI Partners team members will work with your team to identify and execute the steps needed to begin using 11g Upgrade Accelerator in your environment. Detail of the KPI Quick Start Package includes:

- Upgrade your existing Oracle Business Intelligence Platform to 11g in five weeks
- New features of the 11g platform will give your existing reports and dashboards a new look and feel
- Up to 2 KPI team members work alternatively on-site or off-site to deploy Oracle BI and provide knowledge transfer
- The KPI Quick Start Package is based on a fixed price and scope
- The KPI Quick Start Package lays the foundation for Oracle Business Intelligence at your organization and ensures the ability to quickly deploy other subject areas and modules

### Deliverables

The 11g Upgrade Accelerator Quick Start Package includes:

- Guidance in identifying the optimal hardware and software configuration for Oracle Business Intelligence 11g
- Installation and configuration of the Oracle Business Intelligence Platform
- Upgrade of the existing metadata (two star schemas)
- Upgrade of the existing web catalog (up to two dashboards with up to ten moderate complexity reports)
- Demonstration of new exciting features of 11g on the existing or up to five new reports/1 dashboard
- Additional features such as map integration, pixel-perfect reports through BI Publisher, etc. can be delivered for additional time and cost.
- Knowledge transfer from KPI Partners to your team as appropriate
