MEDICARE SUPPLEMENT GUARANTEE ISSUE- CALIFORNIA UPDATES

MEDICARE SUPPLEMENT
January 5, 2012

**GUARANTEE ISSUE
UPDATES:**

Effective **January 1, 2012**, there were regulatory changes in the state of California that redefined guarantee issue requirements.

Changes to Guaranteed Issue Requirements:

- Requirements are now more defined in circumstances where a Medicare Advantage plan in which an individual is enrolled reduces any of its benefits or increases the amount of cost sharing or premium; and where a Medicare supplement policy is not available to the individual from the same issuer, a subsidiary of the parent company of the issuer, or a network that contracts with the parent company of the issuer. An individual shall be eligible for a Medicare supplement policy issued by any issuer, if the Medicare Advantage plan in which the individual is enrolled does any of the following:
 - Increases premiums 15% or more; or
 - Increases co-payments 15% or more; or
 - Discontinues for other than good cause relating to quality of care.
- Enrollment in a Medicare supplement contract from an issuer unaffiliated with the issuer of the Medicare Advantage plan is permitted only during the annual election period for a Medicare Advantage plan (Oct 15 - Dec 7)
