MEDICARE SUPPLEMENT MN APPLICATION CHANGE

Medicare Supplement
February 28, 2013

APPLICATION CHANGE:

Effective with orders placed today, February 28, 2013, for the Gerber Life Minnesota application book, the book will no longer contain carbon paper for copies of the application.

Minnesota state regulations require that a signed copy of the Medicare supplement application be provided to an individual prior to submission of the application. It will now be the responsibility of the producer to make a copy of the signed application and provide it to their client.

A checkbox has been added to the Producer Information page under the Application Submission Checklist to remind you to leave a copy of the signed application with your client.

MARKETING MATERIALS:

You may continue to use any current stock of applications books with the carbon paper before placing an order for new materials.

State	New Application Book	Replaces
Minnesota	T03_313_MN <i>Print Date 2/28/13</i>	T03_313_MN <i>Print Date 12/13/12</i>
