CENTURY HILLS HOA

Size: 155,000 Square Feet

Location: Century City, California

Challenge *Aging BUR Gravel Roof*

- Aged and leaking roof.
- Occupied residences.
- Jobsite with limited access and confined spaces.

Solution *AcryPly® Roofing System*

- Seamless, reinforced membrane.
- No tear-off and major disruptions required.
- Environmentally-safe materials .
- Simplified material and equipment staging.

The AcryPly Roofing System provided homeowners with a reinforced, highly durable all-acrylic membrane without the risks and hassles associated with tear-offs and hot asphalt.
