PORSCHE OF AMERICA

Size: 80,000 Square Feet

Location: Reno, Nevada

Challenge *EPDM Roof Leaks*

- Worsening seam problems.
- Constant leaks.
- Ongoing thermal shock and stress.
- Mounting leak repair costs.

Solution *AcryShield® Restoration System*

- Reinforced seams.
- No excess thermal shock.
- Cooler, more comfortable building.
- No more leaks.

Porsche now enjoys a leak-free Cool Roof System that guards against sunlight attack, improves building comfort, and ensures many more years of roof life at lower overall costs.
