## ABOUT THE MASTER BUILDERS ASSOCIATION

Established in 1909, the **Master Builders Association** is the oldest and largest home builders association in the nation. Membership is comprised of homebuilders, home renovation contractors, commercial contractors, specialty contractors and the many other businesses that support homeownership and the construction industry. Membership is not restricted.

Membership in the Master Builders Association includes membership in our state association, the Building Industry Association of Washington (BIAW) and the National Association of Home Builders (NAHB). The Master Builders lobby locally, BIAW state-wide and NAHB nationally for housing and construction issues. All three associations offer opportunities for involvement in their activities.

The Master Builders Association has two philanthropic foundations, the Master Builders Career Connection and Master Builders Care Foundation, that are registered charities with the state of Washington. The Association also has an environmental certification program for new homes, called Built Green®, which is sponsored by King and Snohomish counties, a political action committee, a housing policy committee and a number of councils:

## CODE OF ETHICS

REV.02/25/2013

*The philosophy of the Master Builders Association of King and Snohomish Counties is that:*

- Home ownership can and should be within the reach of every American family.
- American homes should be well designed, constructed and located.
- American homes should be built under the free enterprise system.

To achieve these three goals, our members pledge to uphold the following Code of Ethics:

- Conduct our business in a manner that will reflect credit upon our association, our industry and ourselves.
- Avoid statements or implications that may be misleading or deceptive.
- Describe accurately and honestly the price, materials and standards of workmanship used in our jobs.
- Provide high standards of health and safety.
- Deal fairly with everyone involved in our projects including employees, subcontractors, suppliers and customers.
- Encourage research to develop new materials, building techniques, improved building practices and financing methods.
- Perform to the standards of the NAHB residential-construction performance guideline in effect at the time of construction.
- Offer a minimum one-year written warranty on new homes and remodels, and use the MBA's consumer dispute resource program to settle disagreements with builders and remodelers of single-family homes should the association receive a complaint.
- Support our local, state and national associations and all related industries concerned with providing affordable housing.
- Certify that, as a contractor member of the Master Builders Association, we are registered, bonded and insured with the state of Washington.
- Do business with association members whenever possible.

*We, as individual members, assume these responsibilities freely and solemnly, mindful that they are part of our obligation as members of the Master Builders Association of King and Snohomish Counties.*

In submitting this application, I agree to abide by the by-laws and Code of Ethics.

In the event of termination of membership in the association, I agree to immediately discontinue the use of its logo in any form.
