

# EVENT CONNECT

## YOUR VIRTUAL AUDITORIUM

Events (such as company announcements, analyst briefings, product launches and marketing events) that historically required numerous large mail outs, extensive lead-up times and great expense to ensure participation can now be conducted much more efficiently. Event Connect allows large meetings to be controlled and ensures your company's message is communicated clearly and efficiently.

### Why use an Event Connect?

- Connect up to 400 guests
- 24/7 help desk support
- Multiple people can present
- Guests can attend via audio and/or online
- High-quality digital telephone lines
- Global coverage – even remote guests can join the conference
- Record for minutes or future reference
- Event reporting – know who attended and for how long
- Guests can be welcomed by an operator or dialled in directly
- Q&A and Polling available

### Optional Features

- Guest entry on mute
- Participant name announce
- PIN security
- Auto record
- Auto disconnect
- Participant count
- Conference quickstart
