

QUALITY. SAFETY. INTEGRITY.

With a reputation rooted in excellent customer service, quality work and integrity, Berwick Electric Co. has been a leader in the electric industry for 93 years. BEC's wide range of services includes commercial and industrial, power quality, data communications and 24/7 service and maintenance. Additionally, BEC also boasts a strong safety record; the company has over seven years without a lost-time injury and consistently works to maintain the best safety conditions at all jobsites.

Further, corporate and social responsibility are top priorities for BEC, and the company strives to make the local community stronger by regularly supporting various non-profits and local causes.
