# Generations Power. Forward.

With over 90 years of experience in the electrical industry, we look back on our heritage with a sense of gratitude.

From our early days installing electricity in turn-of-the-century carriage houses, to modern day challenges such as fiber-optic cabling, our commitment to integrity and unsurpassed customer service has never wavered.

We look forward to serving you for many years to come!

Jim Peterson, President

# CUSTOMER SERVICE

“Great office staff. Easy to set up an appointment. Professional, punctual, highly experienced workers. They respected our house and cleaned up after themselves.”

-C. Joyner

“I would sum up the teams of both John Travers as well as that of John Favors as on time, polite, organized, neat and extremely competent. I would highly recommend your company. Thank you for such excellent workmanship!”

-R.W. Smith

Angie's List

BBB A+ Rating

## Berwick Electric 10 Commandments of Customer Service

- I. Safety shall have priority over all else.
- II. The quality of work performed shall meet or exceed customer expectations.
- III. The highest level of integrity shall be maintained in ALL business dealings.
- IV. The customer's time shall be respected.
- V. The customer's work area shall be left clean to the customer's satisfaction.
- VI. Employee's performance, behavior, appearance and professionalism shall meet Berwick Electric's standards.
- VII. Communication with customers shall be open, honest and timely.
- VIII. Knowledge and training shall be a continuing process.
- IX. All actions shall foster long-term relationships.
- X. Customers shall receive value that meets or exceeds their expectations.
