

PREMIUM SHUTTER

Naples Shutter's Premium Shutter is, quite simply put, the finest shutter available. Crafted from top-quality hardwood, with each and every piece precisely measured, constructed and hand-finished solely for the client for whom it was intended, these shutters truly are "a work of art." The Premium Shutter line complements the decor of homeowners desiring the very best in quality, specialty options, and craftsmanship.

- ◆ Premium hardwood construction
- ◆ 100% Made in America
- ◆ Accelerated lead time--5 to 6 weeks guaranteed
- ◆ Unlimited paint or stain choices--custom matching available
- ◆ Archtops, sunbursts, sliders, French doors and other specialty shapes for your upgraded windows
- ◆ Exotic woods available such as maple, ash, mahogany, and many others for a unique look
- ◆ Custom-built to your exact specifications at our Naples plant
- ◆ Upgraded finish--hand sanded, primed and hand sanded again before receiving our final, multi-coat finish. The result is a superior, smooth, lustrous surface.
- ◆ Free Limited Lifetime Warranty assures you that your Premium Shutters are a sound investment.

ABOUT NAPLES SHUTTER

At Naples Shutter, our philosophy is straightforward: "Begin with the highest quality hardwoods, engage the latest technology for flawless manufacturing, and accept nothing less than 100% quality and satisfaction by our customers." This philosophy has allowed us to serve more than 30,000 satisfied customers over the last 26 years.

Naples Shutter products are created in Naples, right in our own factory, so we control the quality of the shutters from beginning to end. Top quality lumber,

state-of-the-art machinery, and hand finishing by skilled craftsmen come together to make these superior fixtures. Over 40 employees from sanders to customer service people work together to create your custom shutters.

Our people make the difference. When you choose shutters for your home, you will be assisted by knowledgeable, caring, hometown people from the first sales consultation through our service after installation.
