# BACHELOR

OF SCIENCE IN INTERNATIONAL  
HOSPITALITY MANAGEMENT

---

# Bachelor of Science in International Hospitality Administration

Our program is regarded by the industry as being the best in the world. It is open to students who have successfully completed their final secondary school examinations, qualifying them for university admission. There are two yearly intakes, one in September and one in February.

The program is focused on personal development, and mirrors a progression in hotel hierarchy. You will start with a solid grounding in hospitality service fundamentals, followed by courses on managerial competencies, and continue on to advanced management skills.

In the final year, you will consolidate everything you have learned through an external consulting mandate or an individual applied research project. You will also undertake two internships, one in operations and one in management, which will provide the real-life experience needed for a flying start in your career.

→ The program has two yearly intakes, one in September and one in February

---

# Accreditation

## US Accreditation

The Ecole hôtelière de Lausanne is accredited by the Commission on Institutions of Higher Education of the New England Association of Schools and Colleges (NEASC), in the United States of America. This accreditation guarantees that our school meets the most stringent international higher education standards. It facilitates the transfer of course credits and ensures that the qualifications obtained by our students are recognized by American institutions. It also means that American students at EHL can apply for financial assistance from the federal government.

## Swiss and European Accreditation

EHL's Bachelor of Science degree is legally protected in Europe and is recognized by the Swiss federal government as an HES-SO (University of Applied Sciences of Western Switzerland) degree. Consequently, students who have successfully completed EHL's Bachelor of Science degree may go on to apply to any other university in Switzerland. Our degree is compliant with the Bologna agreement, which ensures that it is recognized all over Europe.

---

# A Culture of Excellence

Founded in 1893, the Ecole hôtelière de Lausanne is the world's premier reference in hospitality management education.

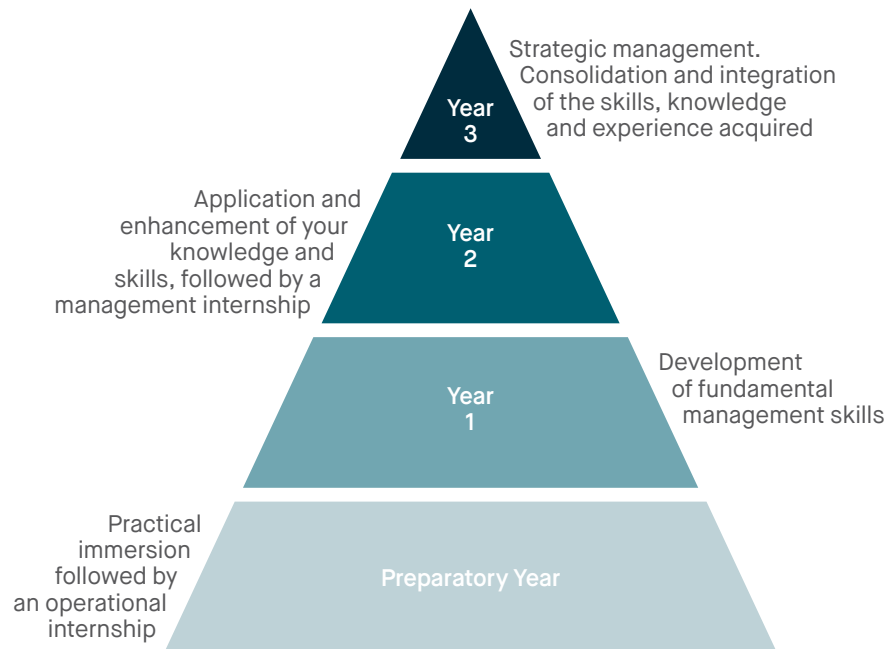

We are a Swiss establishment steeped in traditions as rich as those of the most venerable hotels around the world. Yet come to visit us and you will find a young, dynamic institution with ultra-modern facilities and the latest teaching in the art, science, techniques, and culture of hospitality management.

We select smart, passionate people and educate them to become leaders with a deep sense of social responsibility, an innovative spirit and a constant striving for excellence, rooted in the history and values of hospitality.

We have developed an active learning approach based on group work, case studies and experimentation, both on and off-campus, at school and on the job.

You will experience a truly international education, with over 90 nationalities represented among our 2,200 students. No matter where in the world your career will take you, the Ecole hôtelière de Lausanne's name is admired and respected.

# Bachelor Program

## Preparatory Year

### Immersion in the world of hospitality and an operational internship

The goal: To pass on our commitment to excellence, our savoir-faire and our savoir-être, and to provide the hands-on experience needed for a future career in management.

You will work in small teams and will pursue a wide range of courses, during which you will be exposed to a variety of operational tasks in a hotel and catering context and will acquire an understanding of the managerial responsibilities involved. For example, you will work

in the kitchen, the bakery and the bar, and will gain practical experience in a collective catering environment and in organizing banquets. You will also work alongside the staff in our gastronomic restaurant — rated 15/20 in the Gault & Millau guide — where you will acquire an appreciation of culinary arts and service excellence. You will study a broad range of academic subjects in a hospitality context — ranging from food science to oenology — thus expanding your knowledge of the hospitality sector. The preparatory year culminates in a six-month operations internship.

## Year 1

### Management fundamentals

The goal: Learn the basic skills that you will need in your future role as a manager.

Courses focus on fundamental management concepts as applied to the hospitality sector: accounting, economics, marketing, human behavior, legal risk and operational management. You will start working on group projects to develop your interpersonal and leadership skills. You will follow courses in academic writing and foreign languages to enhance your communication skills.

By the end of the year, you will have acquired a set of core decision-making skills that will enable you to deal effectively with day-to-day problems in a business management context.

## Year 2

### Skills enhancement and management internship

The goal: To further develop your management skills and put them into practice. Year 2 consists of two distinct semesters.

In the first semester, you will build on the knowledge acquired in Year 1 and will continue to study the same subjects at a more advanced level. Teamwork will continue to be an integral part of your studies, providing you with the skills needed to be an effective team member in your future career.

In the second semester, you will have the opportunity to put your knowledge into practice in a real work environment. You will complete a six-month administrative or managerial internship, in a function such as marketing, finance, human resources or events management, often abroad. This hands-on work experience will provide you with the necessary grounding for your final year at EHL.

## Year 3

### Integration and final degree project

The goal: To bring together all the skills, knowledge and experience acquired since your Preparatory Year.

During the first semester, you will have a broad range of hands-on learning opportunities. You will study strategic management and participate in practical case studies, working closely with industry experts who will provide you with valuable advice.

In the second semester, you will choose six-week optional courses in the areas that interest you most. You will then complete the program with a nine-week final degree project.

### Final degree project

Two options are available:

1. A student business project: You will join a team of five students tasked with providing a consulting service to an external client. The tasks assigned by such clients are extremely varied. They range from market studies to process audits to the creation of new catering concepts. To date, over 70% of students have seen their proposals put into action by the client.
2. An individual applied research project: Your task will be to find a solution to an industry-specific problem using both qualitative and quantitative research methods. You will be supervised by an experienced faculty member, who will coach you in the methods needed to successfully complete your project.

# Alumni Network Facts & Figures

## Alumni Network

Alumni since 1893	25,000 +
Nationalities	121
Male / Female	57% / 43%
Alumni chapters	69
Countries of residence	120

# Admission Requirements

## Academic Requirements

The basic academic requirement is completion of a final secondary school diploma that leads to university admission in the country where the student completed his or her secondary education.

- Candidates presenting an IB diploma are expected to achieve a minimum of 28 points to be eligible for admission.
- Candidates enrolled in the British secondary education curriculum are expected to present at least 3 A Levels with an average grade of B, with no grade under C.
- Candidates enrolled in the American secondary education curriculum are expected to present their High School Diploma plus evidence of higher achievement (3 AP or IB Higher Level certificates or SAT II subject tests), plus satisfactory SAT 1 or ACT results.

### For the English Section:

Knowledge of a second language and a thorough command of English: Past 6 years of education in English, TOEFL (100 iBT), IELTS academic module (7.0) or Cambridge Advanced Examination (A or B).

## Other Documents Required

- Transcripts / Grade reports
- Essay
- Language qualifications

# Selection Process

Candidates should submit a complete application online. Following a first evaluation, candidates may be invited to participate in a selection day at EHL or abroad.

## The selection day comprises the following activities:

- A quantitative and analytical aptitude test (computer-based)
- A hospitality aptitude test (computer-based)
- A selection interview
- A role play exercise

## In addition to academic potential, candidates are selected based on:

- Leadership potential and interpersonal skills
- Motivation for a career in the hospitality industry
- Motivation to study at EHL

Candidates are encouraged to apply early. Please consult [www.ehl.edu](http://www.ehl.edu) for the latest information and dates.

## Options

The list of option courses below is indicative. Courses offered any particular semester may (and do) change in response to industry evolution. Students will select 3 to 4 courses, and earn 12 ECTS credits.

Semester 6	
<b>Options (6 weeks)</b>	
International Hotel Development	Business Development strategies for SMEs
Internal Audit and Control for Hospitality	Innovating the Customer Experience
Trends in Hospitality Franchising	Cross-cultural Hospitality Management
Managing Demand for Optimal Hotel Performance	Digital Marketing
New Frontiers in Revenue Management	Strategic Investment Days
Developing Entrepreneurial Projects	Wine Economics & Finance
Innovation Management	Portfolio and Wealth Management
	Hospitality Luxury Brand Management

## Student Business Project or Research Project (10 weeks)

Students are required to complete either a Student Business Project (SBP) or an individual applied research project, for which 18 ECTS Credits will be awarded. SBPs are real-life full-time consultancy mandates conducted by a team of five final-year students and two expert coaches from EHL faculty and staff. Each team follows a rigorous and structured methodology to produce a professional business report providing practical and actionable recommendations for specific business challenges. The individual research project will develop the student's ability to do independent scientific research, collect relevant data, and analyze the data statistically to arrive at rigorous conclusions.

According to the requirements of the Bologna Declaration that apply to all European universities, a study programme must be structured in the form of modules. A module comprises one or more learning units. This is a non-contractual document and is subject to modification.

		See chart overleaf		

### Invoicing

The total amount of the compulsory fees is payable at the beginning of each academic year. The payment delay is 30 days. Once enrollment has been confirmed, students will be charged the totality of compulsory fees as a lump sum (art. 160 & ff, Code des Obligations) even if they do not take up their place at the start of term or complete the academic year. A repeating student pays the fees of the intake which he follows.

### Down payment (Reservation)

After confirmation of admission to EHL, students are required to pay an advance on tuition fees of **CHF 6,000** in order to guarantee their place. This amount is non-refundable, except in extreme circumstances. The down payment amount will be deducted from the total amount due by the student.

### Deposit (reimbursed at the end of studies)

A deposit of **CHF 5,000** will be required from all new students. This deposit is to cover any extraordinary costs which can arise during the student's studies at EHL, for example damage to rooms or other installations. The deposit will be reimbursed at the end of the student's studies at EHL. **Interest earned on the deposit will accrue and be added to EHL's scholarship fund, as part of the institution's social responsibility policy for the education of students with financial difficulties.**

Students who abandon their studies during the academic year must inform EHL of their decision one month before the beginning of the next academic session in order to be eligible to request a refund of the deposit.

## Fees for students eligible according to the A-HES Intercantonal Agreement of 12 June 2003

The financial agreement between the Ecole hôtelière de Lausanne and the HES-SO (Haute Ecole Spécialisée de Suisse Occidentale) states that the HES-SO will cover part of the tuition fees of eligible students. According to this agreement, tuition fees for the students concerned are limited to CHF 1,000 per academic year, the remainder being paid by the HES-SO. This measure becomes effective as from the first year of the HES-SO Bachelor of Science in International Hospitality Management. It does not apply to the Preparatory Year, which is not covered by this agreement.

As well as students with Swiss nationality whose parents live in Switzerland, students are also eligible if, at the time they register, they fulfil one of the following conditions according to the A-HES intercantonal agreement (see below):

- Students with Swiss nationality who have parents living abroad, or whose mother and father are deceased and who live abroad
- Refugees and stateless persons of age assigned to a canton in Switzerland, whose mother and father are deceased or whose parents are living abroad
- Foreigners of age whose civil residence is in Switzerland, whose mother and father are deceased or whose parents are living abroad

- Foreign students of age who have lived permanently for at least two years in Switzerland, where they have had paid employment giving them financial independence, without undertaking a training course at the same time
- Foreign students whose parents' civil residence or whose guardians' headquarters (if relevant) is located in Switzerland.

In exceptional cases, students whose parents live in the Geneva border zone and who have at least one parent working in the Canton of Geneva may benefit from this measure.

The questionnaire determining the granting of A-HES status will be sent to students one month before the start of the academic year. Only the HES-SO has the authority to determine a student's status.

If a student abandons his or her studies or changes A-HES status for any other reason before 15 October or 15 April, depending on the half-year in progress, the HES-SO will stop contributing to tuition fees.

## 1. Tuition

Tuition fees concern an academic year. Swiss or eligible students benefit from a subsidy on the tuition fees based on the agreement with the HES-SO (see box overleaf). Every course has exams that can be retaken; the cost of any retakes is extra.

## 2. Flat Rate for Communal Services

This fee includes:

- The right to access different restaurants and bars, including reductions for all meals
- The right to access sports facilities and sports activity training
- The right to access EHL stores and products at discounted prices
- The Service Center and Students Relations Office (communication coach, psychological support, health center)
- The Customer Financial Service (individual management of customer accounts)
- The Internships and Careers Office (preparation and monitoring of internships, Job Fair, guidance, etc.)
- Digital Centre and professional printshop services
- Access to office automation licences at preferential rates
- Access to Alumni services (lifetime membership and email)
- Administrative support for student committees (purchasing, supplies, equipment)
- A contribution to the Student Fund (organisation of extracurricular student activities)
- Flat rate obligatory insurance, including supplementary accident insurance, public liability insurance, theft insurance and supplementary computer equipment insurance covering theft and damage
- Kitchen and service uniforms received at the beginning of the preparatory year
- Discounted dry cleaning service
- Equipment for practical and theory classes (wines, utensils, etc.)
- Contribution to examination costs
- Copyright, licences and languages
- Reception and postal service
- Cleaning and maintenance of outdoor areas
- Waste collection tax (selective sorting)
- Relations with neighbors and site security

## 3. Prepaid Food and Beverage Account (based on consumption)

At the beginning of each academic year, student cards are charged with a mandatory amount, considered as the minimum a student will spend on food and beverages. This card can be used in the various points of sale on campus. The prepaid amount must be used before the end of the academic year and is not refundable. As part of the institution's social responsibility policy for the education of students with financial difficulties, any remaining amount at the end of the semester is transferred to EHL's scholarship fund. Students can recharge their card at any time.

## 4. Mandatory Health insurance (legal obligation)

A basic health and accident insurance is mandatory by law in Switzerland. Students whose fiscal residence is outside Switzerland (or whose parents' fiscal residence is outside Switzerland) at the time they start their studies at EHL are automatically enrolled in EHL's accident and insurance plan. It is possible to be exempted from this insurance coverage by providing sufficient proof of adequate coverage to the Swiss authorities. Students whose fiscal residence is in Switzerland need to provide the school with a copy of their actual insurance plan.

## 5. Swiss Authorities

Administrative taxes are collected by the Swiss authorities for those persons who are in possession of a residence permit or valid visa. These may include other communal and cantonal fees. Amounts may vary according to the nationality of the student. Swiss authorities require students from outside the EU/AELE to make an initial payment of CHF 17,900 before submitting a visa application. **This amount will be deducted from their first invoice.**

## 6. Textbooks

Books and manuals required may be bought online or at EHL at the start of every academic year. Buying second hand books from current students is also a possibility.

# On-Campus Accommodation & Parking

## September 2015 Intake

300 rooms are available on site at EHL. All students residing on campus benefit from an optimal setup, with easy access to school (especially useful for the Preparatory Year), EHL's numerous facilities, the beautiful local surroundings and regular public transport links to Lausanne.

BUILDING	OCCUPATION	YEARLY RENT PER PERSON *			
		Preparatory Year 2015-16	Year 1 2016 2017	Year 2 2017 2018	Year 3 2018 2019
<b>On-Campus Accommodation</b> — Residence with hotel services					
Buildings A, B, C	Double room	3'635	-	-	-
Buildings D & P	Single room	-	10,100	5,050	10,100
Buildings E	Single room	-	12,120	6,060	12,120
<b>On-Campus Parking</b>					
Interior Parking	Unallocated space	1,210	2,020	1,010	2,020
Exterior Parking	Allocated space	970	1,615	810	1,615
Exterior Parking	Unallocated space	575	960	480	960

Fees are in Swiss Francs and include VAT where applicable. Estimated costs for the semester starting in September 2015.

\* Indicative prices

### General Conditions

Rooms and parking are invoiced for the duration of the academic year in which the student is enrolled, compulsory internships excluded.

Heating, electricity and internet costs as well as bed linen, towels and weekly cleaning are included in the price (costs estimated at CHF 350/month).

There is a tourist tax of CHF 15.- per 15 days. This will be invoiced to students whose legal address is not in Switzerland (legal obligation) for the duration of their stay on campus.

### Additional Information

The construction of new accommodation on campus is planned for 2015-2017.

For comparison purposes, a simple studio in the Lausanne region leases for approximately CHF 1,400 per month (utilities included), excluding heating, electricity, maintenance, linen (bedding and towels), wifi, and are generally for a 12 month period minimum.

In the case when a parking space is not requested, EHL will reimburse up to 30% of the cost of a 3 zone public transport (TL) subscription bought by a student.
