**Eliminates costly maintenance.**

- NO** No Rot or Mold
- NO** No Nails
- NO** No Annual Staining
- NO** No Painting

BreezeWay Patio Screen Enclosures install in as little as one day and will end your maintenance worries forever. Our quality construction nearly guarantees your satisfaction and eliminates call backs. Fitted perfectly to your home by a precision "Three Point" measuring system of your patio, concrete pad or deck.

Quality built-in at the factory. Heavy-gauge 1" x 2", extruded aluminum frame with black aluminum screen cloth for maximum clarity represents the finest modern construction methods. Precisely cut and fitted by experienced craftspeople in a controlled factory environment. Carefully protected, packed and labeled at the factory for quick assembly on-site. Every BreezeWay comes with a 30 year limited warranty on all materials.

Rugged "Tuf-Fast" interlocking joints, pad and awning attachments make assembly quick, easy and accurate. Interlocking joints create a permanent bond. Your assembly crew has been specially trained to quickly and accurately assemble and fit your new enclosure. Relax, knowing that you'll soon be enjoying the outdoors carefree.
