MentoringComplete – Overview

Management Mentors' *MentoringComplete* is a comprehensive web-based mentoring program that boasts ease-of-use, simplified set-up, and advanced reporting. Whether you want managed programs, group mentoring, self-directed mentoring, or a combination of all three, *MentoringComplete* has a solution for businesses, academic institutions, and myriad organizations. *MentoringComplete* doesn't require any server set-up or IT involvement, and it's completely customizable to fit an organization's unique needs.

MentoringComplete—Mentoring for the 21st Century

MentoringComplete is the most comprehensive mentoring solution on the market today. Its matching process is based upon 20+ years of experience in the field where Management Mentors averages a 90+ percent success rate in matching. *MentoringComplete's* system uses focus areas, personal characteristics, mentoring roles, and other criteria to make sure that a match is "right" for the mentoree and the mentor.

MentoringComplete's robust features include the following:

- Support for all Four Types of Mentoring Programs
- Precision Matching
- Multiple Organization & Hierarchy Support
- Multiple Role Support
- New "Account Manager" Role
- Single User Login/Profile
- Intuitive, Role-Based Design
- Schedule-Based Program Management
- Striking "Windows Vista" Style Graphical User Interface
- Integrated Social Networking Capabilities
- Simplified Program Setup
- Ability to Tailor Program to the Organization's Needs
- Advanced Monitoring Features and Data Collection
